Dear Leroy Daines:

SGS Silver State Analytical Laboratories received 1 sample(s) on 6/10/2024 for the analyses presented in the following report.

There were no problems with the analytical events associated with this report unless noted below. Analytical results reported as non-detect (ND) in the result field are below the Practical Quantification Limit (PQL). Analytical results above the PQL are reported as the measured value in the results field.

Quality control data is within laboratory defined or method specified acceptance limits except if noted.

If you have any questions regarding these tests results, please feel free to call.

Sincerely,

Michael Mitchell

Laboratory Director

Michael Mutchell
